21st June 2019

Dear Parents/ Carers,

We are three weeks into this term and already the staff and children have been extremely busy with sporting events, a trip to The National Gallery and a performance at The Derngate. The rest of the term is equally busy with some exciting events planned. Please see below for further information:

May Day

Due to the inclement weather, this event has had to be postponed. The newly proposed date is Monday 1st July (1.30-3.00). Children are to come to school wearing smart, bright clothes in order to suit the occasion. This year, we will be charging a small entrance fee of 50p per person, as well as selling ice lollies, in order to raise funds for picnic benches for the children at breaktimes.

Let's hope that the sun shines for us all – it will be lovely to see you all there!

Sex Education Week

This will take place between 1st and 5th July. SRE is an important aspect of the National Curriculum as it teaches children about care for themselves and others, and about healthy relationships. Each year group has a tailor made, age appropriate programme which teachers are experienced in delivering. For details of each year group's content please see the information attached.

If you have any questions about this, please come and see your child's class teacher.

We require parental permission for each child. A form shall be sent out later today via parentmail to be completed by Wednesday 26th June. Thank you

Beech Class (Year 1) Assembly

This will take place on Wednesday 3rd July at 9.15. Please do come along and support your child. It really does make a difference to the children if they have a parent/ carer to watch their 'big moment'.

Oak Class (Reception) Assembly

The date and time for Reception's assembly is Friday 5th July at 2.15pm. As above, please come along to see your children sharing their learning experiences.

Sycamore Class (Year 6) Open Classroom

Year 6 open classroom shall be taking place on Monday 24th June from 9-10am. Please come along and see how your wonderful children are taught and take an active part in their learning.

Sporting News

Once again we have a full half term of sporting opportunities on offer from bikeability training, cricket tournaments, a variety of before and after school clubs and a competitive, traditional race sportsday in July which will involve a selection of our Young Leaders. We have had a super year of sport at Rectory Farm and the children have embraced the opportunities with enthusiasm, determination and a great sporting attitude! This has truly been a delight to witness and we look forward to building on it during the remainder of this term and in the next academic year when more opportunities will be available! Our children are thoroughly enjoying PE and we are delighted that so many children are taking part and embracing a healthy and active lifestyle!

Thank you to you too for encouraging and supporting your children to be active!

Have a lovely weekend

Mrs S Heslop
